Lien Search Request Form

NOTICE:

The requesting party assumes all responsibility for the accuracy and completeness of the property description provided to the City. The information provided herein is not intended as a substitute for information that may be in public records.

North Lauderdale's Community Development Department provides information on Code Enforcement violations, permits and code enforcement liens assessed by the City. Results provided are based on information available at the time a search is completed and signed by the Community Development Department Administrative Clerk.

To request a lien search, there is a **\$45** charge per search. Searches take approximately 10-15 business days to complete depending upon the volume. Currently, we are experiencing a large volume of lien search requests. Therefore, it is advised that you make your request within a reasonable time in anticipation of the property closing.

Once a lien search is completed a request for lien settlement must be submitted. There is a **\$55** fee for Lien Settlement Requests and the form can be downloaded from our website at www.nlauderdale.org/documentcenter/formsandapplications/index.php#. A property must be in compliance before payoff calculations will be completed.

If you have any questions, please call the Community Development Department.
